Edgar,

I love the long stretch of resurfacing, much needed on these streets. Has LADOT been able to ticket and tow the RV's on other resurfacing projects?

We will need help ensuring all vehicles are cleared from the street so our crews can start the road improvements.

I just left from the location, it appears that most of the mobile homes and vans are south of our job limits. There were 3 mobile homes and two vans parked on the east side of the street within the job limits.

We will pass out additional flyers tomorrow morning within the job limits

regarding the start date and scope of work.

Hi Edgar,

Can you clarify what level of support you will need from LASAN?

Yes, we will update you with the progress regarding the parked vehicles parked at the location prior to reaching out to DOT.

We are scheduled to start the road improvements Monday, May 18, through Friday, May 22, 2020, for both sections on Figueroa St. We will need a coordinated effort from your team to ensure the need for DOT is limited. I will be in contact with your office if any issue arises.

Thank you,

Edgar & Team:

We're looking forward to the proposed work on Figueroa Street, it's very much needed. However, we wanted to bring to your attention that the segment of El Segundo to 135th Street is very popular for RV's and illegal dumping, many of the RV's are non-mobile. We don't want this to interrupt your work, therefore we will work with our homeless outreach teams, LA Sanitation and LAPD to ensure this proposed work is properly communicated.

The work is scheduled for next Friday, just to be clear, you will need to have that entire stretch cleared from any objects, correct? If so, this gives us time to get our teams out in the field to do the proper outreach.

Thank you,

Gaby
